ABOUT THE BAND

Stevie Rave On and Second Coming is more than a tribute act — it's a faithful, full-throttle recreation of the electrifying live experience that made Stevie Ray Vaughan a legend. Formed by a group of **seasoned Rocky Mountain musicians** with deep roots in blues, rock, funk, and soul, SRO delivers the raw power, technical precision, and emotional depth that defined SRV and Double Trouble at their peak.

From the opening lick of *Pride and Joy* to the slow-burn intensity of *Texas Flood*, every set is crafted to transport audiences back to the smoky stages and sun-drenched festivals where Stevie wrote history — and to introduce that legacy to a new generation.
